In Memoriam
Dorothy Rice Booth

Dorothy Rice Booth, Boothbay's oldest resident and holder of the Boston Post cane, passed away peacefully at 106 years old, at St. Andrews Village in Boothbay Harbor on March 1, 2012.

She was born September 7, 1905 in East Boothbay, the daughter of William E. and Nelly Murray Rice. She attended local schools and was a graduate of Lincoln Academy and Gorham Normal School.

For several years she taught in Boothbay and Auburn, Maine. After the death of her husband J. Edward Booth, Jr. she obtained employment in the York Division of Bates Manufacturing Co. in Saco as an assistant to the cost accountant. For seven years she managed the office at Sewall Wood products in West Scarborough. Returning to East Boothbay in 1965, she worked in the office at Fisherman's Wharf and Rocktide Inn in Boothbay Harbor.

Dorothy continued driving her car until she was 101. At her home on Murray Hill she could be found gardening and playing piano when she wasn't watching golf and her beloved Patriots and red Sox (Ted Williams was her favorite player.)

Dorothy thrived after moving to St. Andrews Village's Assisted Living in 2008. She referred to the staff as her extended family and they referred to her as "Aunt Dot". At the village she could be found playing Bingo, attending exercise classes and snacking on a variety of sweets- especially dark chocolate. Her sense of humor and infectious smile will be missed by all.

Aunt Dot is survived by several nephews, grand nephews and nieces, great-grand nephews and nieces and a great-great grand nephew and niece.

At her request no services will be held, as she said, "I've out-lived everyone."

The family (those of us who are left) wish to thank the staff at St. Andrews Village Assisted Living for the outstanding care, friendship and love given to Aunt Dot while she was in your care. A special thanks to: Tina Ham, Bridy Lewis, Suzie Giles, Donna Townsend, Ellen Brown, Jennifer Hutchins, Evelyn Brown, Kirstie Farnham, Marianne Haines, Michelle Oakes, Jim Dotson, Emily Lowing and Jennifer Ziegra.

In lieu of flowers, the family requests that donations be made to the Lincoln County Animal shelter, 27 Atlantic Highway, Edgecomb, ME 04556

Dear Friends,

As we begin a new year, I welcome this opportunity to share some of my recent work for the people of our great state.

The economy and jobs remain my highest priorities. More efficient transportation is essential to our economic growth. After a years-long, hard-fought battle, I successfully pushed through Congress a bill I wrote to allow the heaviest trucks to travel on Maine's federal interstates, instead of forcing them to use our secondary roads and downtown streets. This will make our streets safer, reduce fuel consumption, and allow our businesses to be more competitive. I was pleased to have the support of many Maine groups, from the Maine State Police and the Parent-Teacher Association to the Maine Motor Transport Association and many others that helped me advocate for this sensible change.

I was also successful in my efforts to prevent the federal government from limiting certain vegetables, including Maine's potatoes, in school meal programs. Nationwide this ill-conceived proposal would have cost our schools, the states, and families an estimated \$6.8 billion over five years. I built support from both sides of the aisle and from across the country to ensure that schools maintain the flexibility they need to serve students healthy and affordable meals. This proposed rule was a prime example of excessive Washington regulation.

In my effort to protect jobs, I also introduced bipartisan legislation to ensure that the proposed EPA regulations known as the "Boiler MACT" rules protect the environment and public health without jeopardizing jobs in our state, particularly in the forest products industry. I also continued to help advance the development of deep water, off-shore wind energy at the University of Maine, which has the potential to provide clean energy and to create thousands of new jobs.

On the Armed Services Committee, I worked to secure funding for shipbuilding at Bath Iron Works, submarine overhauls at Portsmouth Naval Shipyard, and the manufacturing of aircraft engines at Pratt and Whitney, as well as to strengthen the 101st Air Refueling Wing in Bangor and the Maine Military Authority in Limestone. The new defense funding bill also includes my amendment to expedite the claims of veterans with severe disabilities like the soldier I met who is suffering from ALS, also known as Lou Gehrig's disease.

Last year, the President signed legislation I coauthored creating a national plan for combating Alzheimer's disease, which affects more than five million Americans and their families. In another health-related development, at my urging, the Food and Drug Administration allowed clinical trials to begin on the artificial pancreas, a device that could dramatically improve the health and quality of life for people with Type I diabetes.

Many Mainers have contacted me to express concern about the Postal Service, which is the linchpin of a nearly \$1 trillion mailing industry that employs 8.6 million people. I've sponsored bipartisan legislation to rescue the U.S. Postal Service from financial failure next year. This bill provides flexibility to the USPS to restructure itself in an effort to save billions of dollars and preserve universal postal service for all Americans, no matter where they live.

In December, I cast my 4,825th consecutive vote, making me the longest currently serving Senator never to have missed a vote. I am grateful for the opportunity to serve the Town of Boothbay and Maine in the United States Senate.

If ever I can be of assistance to you, please contact my Augusta state office at (207) 622-8414, or visit my website at <http://collins.senate.gov>. May 2012 be a good year for your family, your community, and our state.

Sincerely,

MESSAGE TO THE CITIZENS OF BOOTHBAY

Dear Neighbors:

It continues to be an honor to serve as your State Representative during the second year of the 125th session of the Maine State Legislature. As your voice in Augusta, I continue to work to create more economic opportunities for the people in the communities I serve and to assure that our schools, hospitals, public infrastructure and natural resources are sustained and protected in these very difficult times.

While economic news seems to be moving in the right direction nationally in Maine we continue to have significant budget and revenue shortfalls. Over 4000 people have lost their jobs so far 2011. Depending on how the LePage administration and the majority in the Legislature chooses to balance the 2012/2013 state budget thousands of Maine people working in our hospitals, assisted living facilities, and community health care provider agencies could lose their jobs as well.

Over the past 10 years hundreds of millions of dollars have been cut from the DHHS budget through streamlining initiatives, standardizing provider payments, creating lower cost programs to allow the elderly and people with disabilities to remain in their homes and communities rather than more expensive institutions, lowering prescription drug costs and providing access to better preventative health care rather than the enormous cost of emergency room visits. I will continue to work with all my colleagues to create a balanced budget that does not raise costs in the long term and represents truly shared sacrifices.

I continue my service on the Governor's Ocean Energy Task Force, having been reappointed by Speaker Nutting. I am very interested in supporting efforts to create renewable energy options in Maine which will create permanent jobs for Mainers and more affordable energy for Mainers. I will be watching the proposal to build floating platforms in the Gulf of Maine with the power line coming ashore on our peninsula in order to make sure that our commercial fishing and tourist industry are not harmed in the process.

I am happy to report that the fuel tax exemption for commercial fishing boats that I sponsored last session is now in effect. I worked hard to make sure it was not only included in the biennial budget, but was expanded, as I originally had proposed, to include all commercial fishing boats, not just ground fishing boats.

As the Democratic House lead on the Marine Resources Committee I have been encouraged by the progress I have seen in opening more of Maine's clam flats to commercial harvesting through the efforts of local harvesters, shellfish wardens and staff at the Department of Marine Resources.

Please do not ever hesitate to contact me with any questions or concerns or if you need assistance with State Government. I can be reached by email at bmacdon@roadrunner.com or by phone either at home (633-0570) or at the State Capital (1-800-423-2900).

Once again, I am honored and grateful for the opportunity to serve you.

Sincerely,

Dear Residents of Boothbay,

It is my great pleasure and honor to serve as your State Senator in Augusta during the remainder of this second regular session of the 125th Maine State Legislature.

Maine faces serious challenges. They are challenges I believe we can overcome by working together. Maine needs to do more to encourage job growth and accelerate economic recovery. And we must continue to help our most vulnerable citizens weather these hard times, just as Maine people have always looked out for our neighbors.

While we face many challenges, they are certainly not insurmountable, and we also have many opportunities. I am very confident about Maine's potential if we build on our strengths and make wise economic policy decisions.

As your State Senator, I am here to listen to your legislative needs and concerns, as well as act as a liaison between you and the State government. I can be reached by phone at the State Capital at 287-1515 or by e-mail at chris@dirigo.net.

Please feel free to contact me with your questions or concerns.

I am honored and grateful for the opportunity to serve you.

Sincerely,

Dear Friend,

I hope this letter finds you and your family well. It continues to be an honor to represent you, and I wanted to take a moment to share with you some the work I've done in Washington and Maine over the last year.

As you know, times are not easy. The country still struggles to recover from the recession, which is why I'm so frustrated Congress has not been serious about job creation. Voters elected us to Congress with the highest priority of getting the country back to work. While we should have been voting on jobs legislation, we have ended up debating anything but.

I am proud, though, to have worked on my own piece of jobs legislation in 2011. Local food is a growing part of Maine's economy and has helped revitalize a traditional staple of our communities—the family farm. We have seen incredible increases in CSA farm shares, farmers markets, and acres in cultivation.

But outdated federal policy hasn't done enough to support this bright spot, and often hinders it. I've introduced the Local Farms, Food, and Jobs Act to bring local farmers the resources they need to continue growing. If passed, it means investments in our regional food infrastructure, help for local schools to buy food produced in their communities, and giving more and more people affordable access to local food.

Another piece of legislation I introduced in 2011 would help service members who are victims of military sexual assault. This has become an alarming problem as thousands of women—and men—report being sexually assaulted while serving. I've listened to many of them who are from Maine. My legislation would ease the restrictions they currently face to get disability benefits from the VA.

As a member of the House Armed Services Committee, I've been able to work on several policies that affect our military personnel. It also means that I've kept close watch on our operations overseas. In 2011, we saw some good news on this front. First, we finally found and killed Osama bin Laden. The second came with the official end to the war in Iraq.

I am so glad that the Mainers who have served there will be able to return home. But we can't forget the nearly 4,500 soldiers we lost in Iraq—24 of them from Maine—nor the men and women who continue to serve in Afghanistan. I hope we can start to bring them home in 2012.

My thoughts now are also with the many Maine families who can't afford to heat their homes. I'm disappointed to see deep cuts in LIHEAP, a program thousands of Mainers rely on. I've introduced legislation to restore the funding and I will keep fighting to get Mainers the support they need.

I wish you and your families the best—it's a privilege to serve you. If there is anything I can do, please don't hesitate to contact me at (207) 774-5019 or www.pingree.house.gov.

Hope to see you in Maine soon,

Board of Selectmen and Town Manager

Daniel Harris, Chuck Cunningham, Steven Lewis,
Douglas Burnham, Stephen Ham

James D Chaousis II

The Board of Selectmen is composed of five members elected at large for staggered three-year terms. The Board conducts business in regular meetings open to the public on the 2nd and 4th Monday of each month. The Selectmen are the chief elected officials of our community and is the policy making body of the Town. The Selectmen use "Home Rule" state laws under Title 30, the Town Administrative Code, and the Town Meeting deliberations as directions for making policy.

TOWN MANAGER

Last year I explained to the Board of Selectman and the community that Fiscal Year 2012 would be termed a “Planning Year”. Now, at the conclusion of Fiscal Year 2012, it was indeed a “Planning Year”. The town spent more time reviewing policies, procedures, and ordinances than we ever predicted. With a new administration came the excitement of change. With change came the reality of new methods. Change, though exciting is still challenging to the community, staff, and our elected leaders. It has been very encouraging to see our elected and appointed leaders plan for the future, even if it is a year they are relieved to see in the rearview mirror.

The Board of Selectmen had a very eventful year. Sometimes they probably cringed at the level of information that I supplied them but they received it in stride. They dealt with far-ranging issues. In one day we might cover the town’s position on day-to-day operations, then debate the town’s position on state politics, and finish with a reformat of the budgeting process. Our elected leaders lived up to all of the challenges of busy year, my hat is off to them.

The Planning Board has spent the year reviewing the Zoning Ordinance. They spent countless hours, produced multitudes of meetings, and engaged in constructive dialogue about the laws that govern development in the town. The process has not been easy and the work is not yet done but the fruits of their work will propel us forward. Their discussions led to the consideration of updating the Comprehensive Plan, which was originally written in 1989. The 1989 Comprehensive Plan is a very good planning document but it is very dated. I am excited to see the direction a revised plan will bring us.

Our Public Works Department, led by Mike Alley, Foreman, had a very monumental year. New strategies for road maintenance and repair were implemented. Mike exercised new methods and strategies for realizing potential in resources. This saved the town money and effort. The Dover Road repair was a success and will remain a project that instills pride in the crew. Ultimately, the Public Works crew was rewarded from a long hard building season with a mild winter season.

The Code Enforcement Office has persisted with the merger of the Assessing Office. This project often had mixed results. The two functions of the new department are very dynamic which accounts for some trials and tribulations in the merger but the new structure has created potential for information sharing and reduction of redundant service. We will implement a customer service survey to accompany the services of this department. I continue to solicit the opinions of the public in how we can provide these services to the standard expected.

Peter Ripley has been representing the Harbor Master’s Office exceptionally. Through his direction, the town has reengaged the Port Committee. The Port Committee has been underutilized prior to Pete’s appointment as Harbor Master but we have quickly found their calling. The Port Committee reviewed and is proposing amendments to the Harbor Ordinance. They have also started to discuss some of the harder questions as they pertain to the waters of the Town of Boothbay. We need to embrace this advisory committee and they are still looking for new volunteers.

I continue to be amazed at the experience housed in the Town Office. Tracey Hodgdon-Hyson and Bonnie Lewis have more municipal experience at their fingertips than I may learn in my career. Amber Jones compliments their experience with energy and great customer service. The business office continues to package the combined skills to provide optimal service to the community. We are always receptive to a new challenge.

This next year will be highlighted by the implementation of a Capital Improvement Plan. The plan accounts for the expiration of the largest assets of the Town and installs a plan to replace those assets. Forecasted planning efforts will allow the town to replace trucks, equipment, and computers with minimal effect on the tax rate year to year. I am committed to making sure the tax rate is predictable especially during trialing times.

If Fiscal Year 2012 was a "Planning Year" then Fiscal Year 2013 will be the "Execution Year". Throughout the course of 2012 we learned what was working and what was not. We have developed plans to correct things that don't work and we continue those efforts. In 2013, we will start to execute some of those plans. Some plans will work and others will need to be revisited. If we work hard enough maybe we can have a "Business as Usual" year in the future.

I continue to be committed to customer service. A little known fact is that the Town Manager's duties are specified by State law. One of the duties is written as, "Shall assist, insofar as possible, residents and taxpayers in discovering their lawful remedies in cases involving complaints of unfair vendor, administrative and governmental practices." Like any business, the Town of Boothbay is committed to making sure that our customers are satisfied in the way they are received, attended to, and are satisfied with the service provided. The Town of Boothbay provides services to taxpayers. These services are often not found through private means. We are simply not satisfied with being the best, by monopoly only. We intend to provide customer service at a level that is desired by our community.

Sincerely,

A handwritten signature in black ink, reading "James D. Chaousis II". The signature is fluid and cursive, with the first name "James" and last name "Chaousis" being more prominent, and "D." and "II" in smaller script.

James D Chaousis II, Town Manager
Town of Boothbay

2011 TOWN CLERK REPORT

My job as town clerk is keeper of the town's vital records. I'm also in charge of all municipal and State elections for the Town of Boothbay. All birth, death, and marriage licenses are recorded here for our residents, as well as any births or deaths, that occur in Boothbay.

There were 27 births recorded in Boothbay for 2011. This was an increase of 2 births compared to 2010. There were 16 females and 11 males born to Boothbay residents. Congradulations to all the families with new babies.

There were 31 deaths recorded for 2011, which was a increase of 3 compared with 2010. There were 22 females and 9 males. The youngest female was 56 , and the oldest female was 98 years old. The youngest male was 64 years old and the oldest male was 89 years old.

Our office issued a total of 31 marriage licenses during 2011, which was an increase of 2 over last year. All were returned and recorded. There were 31 Boothbay residents, and 31 non-residents which made up the 31 couples. The couples were from Connecticut, Florida, Indianna, Maine, Massachussets, Michigan, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Vermont, and Russia. You will need to bring in pictured identification with you to fill out your marriage intentions. If either of you have been married before, you must bring in a certified divorce decree, or certified death certificate, which shows how the most recent marriage ended. The filing fee for your marriage intentions is \$40.

We continue to sell hunting and fishing licenses for Inland Fisheries & Wildlife, as well as registering boats, ATV's, and snowmobiles. The Town of Boothbay residents can purchase these licenses and registrations on the State of Maine's, Inland Fisheries and Wildlife website at: www.mefishwildlife.com .

Boothbay residents licensed a total of 449 individual dogs during 2011, and 1 kennel license. This was a decrease of 16 over last year. Dog license fees remain at \$11. per dog, \$6. for spayed or neutered dogs, and \$42. for the kennel licenses. Late fees began on February 1, 2011 in the amount of \$25. per dog. It is State Law that anyone who owns, houses, or is keeper of a dog or dogs, must license them in the town or cities where they are kept, on or before January 1st, each year. Once a dog, or dogs reaches 6 months of age, and has had the required rabies vaccine, they are required to be licensed. It doesn't matter if they are so called, "house dogs", or outside dogs. Many of these license fees go toward helping fight animal abuse in Maine. If you haven't licensed your dog(s) please stop by with the rabies certificate, and a spaying or neutering certificate to license your dog(s). Our animal control officer is Betsy Pratt. Her assistants are David Pratt, and Benjamin Rand. You may contact her at (pager number 821-3362, or cell phone number 380-7282).

During 2011 we issued a total of 22 commercial shellfish licenses. Residents purchased a total of 18 commercial licenses, 2 of those were free over 65 licenses, and 2 were non-resident licenses. This was an decrease of 1 over last year. We issued a total of 94 recreational

licenses. 34 were for residents, and 60 were for non-residents. Of those, 32 were free over 65 licenses, 16 were for residents, and 16 were for non-residents. License fees remained the same for resident commercial licenses, 177.00, and 352.00 for non-residents. The recreational license fees were \$7.00 again. Our shellfish warden is Brent Barter. Our local representatives were Gilford (Larry) Knowlton, and Michael J. Wood. Boothbay Harbor is the host town who manages the shellfish monies. We send the shellfish monies to Boothbay Harbor and keep the agent fee of \$2.00 per license sold for processing.

During 2011 we had the following meetings and elections:

May 2, 2011 Annual Town Meeting
Nov. 8, 2011 Referendum Election
Nov. 14, 2011 Special Town Meeting

I do want to thank all the people involved in helping run our elections, from the election clerks, and wardens, to all of the town employees. The highway department cleans out our meeting room, and turns it into a voting place so that we can hold elections here at the Town office. Thanks, Mike, Tony, Martha, Sam, Barrett, and David. A special thanks to my deputy clerks, Tracey Hyson and Amber Jones for their help throughout the year.

Sincerely,

Bonnie D. Lewis, Town Clerk

Amber Jones, Bonnie Lewis, Tracey Hodgdon-Hyson

On Line Assessment and Tax Information

- **Date of Assessment:** April 1, 2011
- **Fiscal Year** July 1, 2011 to June 30, 2012
- **Commitment Date** July 22, 2011
- **Tax Rate** \$ 7.67/ \$ 1000
- **Certified Ratio** 100 %
- **Taxable Valuation** \$ 969,936,921.00
- **Net raised by property tax** \$ 7,439,417.18

The Town of Boothbay offers on-line assessment data. Assessment information is updated every month. Assessment data, such as changes in the Homestead Exemption, value, owner and sale data, may not be current. There are two ways to obtain the online data: <http://data.visionappraisal.com/BoothbayME/search.asp> or <http://www.townofboothbay.org>. The Assessors Office is able to assist persons requesting tax information for real and/or personal property. Information on a parcel could be in regards to legal descriptions, property and mailing addresses, name of taxpayer, assessed and taxable value, homestead status. Ownership & Assessment of property is fixed as of April 1, 2011. **Property owners should feel free to raise concerns with property valuations with the Assessor prior to commitment, as the burden of challenging an assessment after commitment is much more difficult.**

Exemptions

Homestead Exemption -This program provides a measure of property tax relief for certain individuals that have owned homestead property in Maine for at least twelve months and make the property they occupy on April first their permanent residence. Property owners would receive an exemption of up to \$10,000.

Veteran Exemption - A veteran who served during a recognized war period and is 62 years or older; or, is receiving 100% disability as a Veteran; or, became 100% disabled while serving, is eligible for up to \$6,000.

Blind Exemption - An individual who is determined to be legally blind receives up to \$4,000.

Business Equipment Tax Exemption (BETE) - BETE is a 100% property tax exemption for eligible property first subject to tax on or after 4/1/08. There is no time limit on the length of exemption. BETE does not replace BETR (Business Equipment Tax Reimbursement); the BETR application must be filed to receive reimbursement on any BETR qualifying property.

1. When and where to file application? This application is to be filed by May 1st of each year with the local assessor even if no changes in property status occur. You must file the BETE application on equipment every year.

2. What property is BETE eligible business equipment? Eligible business equipment is qualified property that, in the absence of this subchapter, would first be subject to assessment under this part on or after April 1, 2008 and includes repair parts, replacement parts, replacement equipment, additions, accessions and accessories to other business property and inventory parts.

3. What property does not qualify for BETE? Property that does not qualify includes office furniture, lamps and lighting fixtures used primarily for general office or worker lighting, property owned or used by an excluded person, telecommunications personal property, gambling machines or devices, and property located at a retail sales facility and used primarily in a retail sales activity.

Code Enforcement

The Code Enforcement Department continues to assist land and business owners with the maintenance and development of their property. Throughout 2011, residents of Boothbay, both year round and seasonal, came to the Department with questions about their options, concerns about the environment, and of course applications to develop or modify their property.

The Town's Code officials strive to assist all those that need it in an efficient and productive manner, while taking care to note particular trends in activity so that any needed adjustments in policy or action can be made. If there are thoughts you might have regarding the Town of Boothbay Zoning Ordinance, or questions about a specific project in Boothbay, please contact us to arrange a time when we can discuss them.

Shoreland Zoning Spotlight: Tree Removal

The Mandatory Shoreland Zoning Act requires municipalities to adopt land use regulations for all areas within the shoreland zone. The shoreland zone consists of areas within 250 feet of the normal high-water line of great ponds, rivers, and tidal waters; within 250 feet of the upland edge of non-forested freshwater and coastal wetlands; and within 75 feet of certain streams. Distances are measured horizontally. The land use controls adopted by the municipalities must be consistent with or no less restrictive than the Board of Environmental Protection's *State of Maine Guidelines for Municipal Shoreland Zoning Ordinances*.

Do the Guidelines for Municipal Shoreland Zoning Ordinances include limitations on vegetative cutting for development activities in shoreland areas?

Yes. The Guidelines limit the amount of vegetation that can be cut in the shoreland zone. In order to maintain water quality, protect wildlife, and to preserve the natural beauty of shoreland areas, it is important to maintain naturally vegetated shoreland areas. Studies have shown that the removal of natural vegetation and the subsequent conversion of the land to unvegetated surfaces, lawns, or other uniform vegetative cover fails to adequately protect water quality, mostly due to phosphorus and nitrogen runoff (nutrient runoff). An increase in the concentration of phosphorus within a lake of just 1 part per billion can result in a noticeable decrease in water quality.

Nutrient runoff into surface waters can be reduced or prevented by maintaining an uneven-aged stand of trees and other vegetation, including natural ground cover. Furthermore, by leaving the ground surface undisturbed, and by retaining natural depressions for water to collect, nutrients will be removed as water percolates through the upper layers of organic duff.

Water quality is not the only environmental issue affected by the loss of shorefront vegetation. Valuable habitat is lost, and disturbance of wildlife is greatly increased by the loss of a vegetative "screen". As a result, waterfowl, songbirds, shorebirds, and mammal populations are negatively affected. Although natural beauty is a rather subjective term, most will agree that a Maine coast or inland waterbody with excessive removal of trees and other natural vegetation is not in the best interest of the people of Maine.

What are the restrictions on clearing of vegetation in the shoreland zone?

Generally, in the first 75 feet from the normal high-water line or the upland edge of a wetland, 40% percent of the volume of trees four inches or more in diameter, measured at 4 1/2 feet above ground level can be removed in any ten year period, although no clear-cut openings (openings in the forest canopy greater than 250 square feet) are permitted. The cutting must be done such that a well-distributed stand of trees and other vegetation remains. This area is commonly referred to as the buffer strip. Adjacent to great ponds and rivers flowing to great ponds, the buffer strip extends for a distance of 100 feet from the normal high-water line.

Beyond the buffer strip, vegetative cutting limitations are less restrictive. In this area cleared openings are permitted provided that such clearings do not exceed 25% of the lot area, or ten thousand square feet, whichever is greater. In total, however, no more than 40% of the volume of trees can be removed in any 10-year period from the shoreland zone.

The Town of Boothbay Planning Board continues to see a variety of projects come before it, and through hard work and communication with the public, we have been able to better determine how the Town of Boothbay residents would like us to assist them. As development increases, both residentially and commercially, it is necessary for the Board to listen to the public and learn what direction they would like to see the Town go in. The Board encourages all of Boothbay's residents to attend their meetings, and their workshops, to meet the Planning Board members, and discuss any thoughts they might have in regards to the Zoning Ordinance. While the Board regularly discusses and evaluates the Ordinance, it is often helpful to gain the public's perspective in order to better determine what is effective, what isn't, and what potentially needs to be added or eliminated from the Ordinance.

Public Works Annual Report 2011

My second winter season is nearly over. We have completed one construction season and another is on the horizon. I want to thank the Public Works crew. Their hard work, enthusiasm, and response to change are credit to their professionalism. They have had to endure a major change in leadership, changes in priorities, and changes in methods. These changes haven't impacted the work at hand.

I would like to thank the Board of Selectmen for supporting me and the Public Works Department through the changes that I have implemented. Thank you to the Town Manager for getting us the resources that we need to get the job done.

Foremost, I would like to thank the townspeople for their sentiments of support and the "pats on the back". The encouragement received through the Public Works Department makes a hard day more enjoyable. We want to know when the public is satisfied with work and we want to know when the public is not.

The anxiously awaited end to the tough winter of 2010/2011 produced spring and summer. We embraced the seasonal change by getting floats repaired and rebuilt. The Public Works Department did all of the float construction last spring and more through the winter of 2011/2012.

The Public Works Department got right to work last building season. We repaired and rebuilt 3.1 miles before the end of July. This included ditching, culvert replacement, and paving preparations. The early and aggressive building season allowed us to get a good jump on culvert replacement, ditching, and paving preparations that for the next building season.

Winter 2011/2012 was much milder than the previous winter. Roadside cutting was possible though the winter. All of this helps us get prepared for building season and another year of making the roads in Boothbay better.

Thank again to everyone that has supported us along the way.

Respectfully,

Mike Alley, Public Works Foreman
Town of Boothbay

Boothbay Fire Department

Annual Report for the Period January 1, 2011 through December 31, 2011

To the Board of Selectmen, Town Manager and Citizens of the Town of Boothbay, I hereby submit the 2011 Boothbay Fire Department Annual Report.

It was another active year for the Fire Department with 170 calls, which are summarized on the following page.

Members of the Fire Department continued high-level training last year. These trainings included the mandatory annual refresher training: in hearing protection, ladders, fire extinguisher use, lock out – tag out, blood borne pathogens, sexual harassment, Hazmat and self-contained breathing apparatus (SCBA). We were also trained in forest fires, extraction, and how to aid 1st responders with people on the drug: bath salts. Also, there were 20 firefighters who passed the state Emergency Vehicle Operations class, (EVOC) which will become mandatory on March 1, 2012. Four of our firefighters trained at the instructor level through EVOC so that we can extend the training to our firefighters or those of the surrounding towns.

There were 5 major structure fires in 2011. The Redman garage off of Wiscasset Road, the Strouss residence on Dover Road, the Nisbet residence on Sawyers Island Road where two dogs were lost, the Harris garage on Barter's Island Road and the Alley residence on Beath Road, during which neighbors pulled John Alley to safety. There were also many motor vehicle accidents in 2011, and one that took the lives of two people. This was hard on the whole department.

The Town approved funding for a new rescue truck, the bid for which was awarded to K&T of Island Falls. The new rescue truck replaced our 1987 Ford, and will serve the town for many years to come. I'd like to thank the truck committee for all their hard work gathering specifications and locating this truck.

Our Fire Dept also received a \$5,000.00 grant from the Community Foundation in Sarasota county Inc. through the Clarence Hoeper Fund to purchase a portable extraction pump, which will greatly assist our operations.

I would also like to thank the Boothbay Region Miss Fires for all they do for our department. I would also like to thank all our firefighters for all the time they dedicate to the department and for their quick response to calls.

Sincerely,

Richard Spofford
Fire Chief

Harbormaster's Report 2011

The Boothbay Harbor Master's office saw a year of transition in 2011. Tommie Sassard passed away in the spring. Tommie had been the Harbor Master since 1995 and had done a fine job for the town. Ralph Carter served as acting Harbor Master until late July when I was appointed by the Board of Selectmen.

Since my appointment I have been sorting through the office's paperwork and files. My priority has been getting mooring lists up-to-date and sending notices to those individuals and business that are late with their mooring payments. Please pay your mooring fee on time. If you no longer wish to use your mooring please advise my office so perhaps someone else can use that location. In 2012 a concentrated effort will be made to remove abandoned and unpaid moorings in all Boothbay waters. In 2012 there will be more clarification and identification of moorings and mooring fields in the Knickerbane Bridge and Little River areas. I spent time in 2011 inspecting all Boothbay mooring fields; I will continue to do that in 2012. I attended one wharf site hearing on the Damariscotta River.

2011 calls and e-mails were typical in nature. Skiffs, dinghies and kayaks missing or adrift topped the list. Several calls regarding work floats adrift or falling apart also came in. I have stickers at the Town Office for identifying your small craft from the Coast Guard Auxiliary. They have room for your name and contact information. Please come by and pick one up. If you have a work float please put identification on it as well. Include name and assigned mooring number(s) on it and please keep your work float in seaworthy condition.

Hurricane Irene did some damage to the Murray Hill launch ramp floats and some private floats. Several calls were received about vessels tying up too long to the docks at Shipbuilder's Park and Knickerbane Bridge Launch Area. Owners were contacted. E-mails were also received from other Harbormasters in Maine looking for boats that were overdue, stolen or left without paying for dockage or fuel in their towns.

There were 17 new mooring permits issued and 24 moorings were terminated 2011 for a total of 934 in the Town of Boothbay.

Location	New	Total
Barter's, Sawyer's and Hodgdon Islands	7	221
Card Cove, Grimes Cove-Ocean Point	1	83
Cross River and Rocky Point	2	50
Damariscotta River	4	228
Linekin Bay	3	249
Little River	0	90
Outer Islands	0	13

A major accomplishment in 2011 was getting the Port Committee re-established. Previously appointed Committee members (Chuck Fuller, Larry Knapp & Win Russell) have been joined by three new members (Rusty Court, Barry Gibson & Pat Seaward). This board has been a valuable asset to the Town of Boothbay and I am looking forward to working more with them in 2012. The Port Committee has been working on getting the Harbor Ordinance 2012

ready for the May town meeting. The Port Committee meets on the first Thursday of the month as needed at the Town Office.

I would like to thank the Deputy Harbor Masters (Ralph Carter, Dana Hodgdon, Mike Leighton & Bradley Simmons) for their service to the town. Many thanks as well to the entire Town Office staff for their help with this transition and continued assistance when needed.

Respectfully submitted,
Peter B. Ripley

***Mission:** To protect the lives and property of the citizens and visitors of the Boothbay Region ensuring mitigation of, preparation for, response to, and recovery from, the effects of natural and man-made disasters, consistent with the resources provided*

As I write this and reflect on the past year, we actually had it pretty good as Mother Nature and natural disasters go. We had one bad spring storm on April 1st and another a week later, during which I had to open the EOC for 8 and 6 hours respectively.

On July 22nd the EOC was opened again for a missing person. This was quite a challenge as the heat and humidity were quite high. We worked alongside the Boothbay Harbor Police Dept., Boothbay Harbor, Boothbay, and Southport Fire Departments and the Boothbay Region Ambulance Service. The Maine Warden Service was also called in as well as the Lincoln County Search and Rescue Team, and the Lincoln County Mobile Command. Thank You all for your help and dedication.

The next and last time the EOC was opened was for Hurricane Irene. Luckily for us, it tracked to the west, unlucky for the states it did pass through. However, I did man the EOC for over 20 hours in preparation for the worst.

As always training is ongoing, in April I attended the 2-day Emergency management conference in Augusta and joined the Maine Association of Local Emergency Managers.

In October, we held a Mass Casualty Drill involving St. Andrews and Miles Hospitals, the U.S. Coast Guard, Boothbay, Boothbay Harbor, and Southport Fire Departments, Boothbay Harbor Police Department, Boothbay Harbormaster, Boothbay Region Ambulance Service, Lincoln County Sheriff's Department, Lincoln County EMA, Lincoln County Communications and Mobile command center.

Be Safe.

Animal Control Officer's Report 2011

There were 118 calls this year, from loose dogs to nuisance wildlife. There were thirty-five wildlife calls, which is an increase over prior years, and likely related to the mild winter. There has already been a confirmed rabies case in Newcastle. Animals need their rabies shots even if they stay inside. Recently an inside cat escaped, got a wound of unknown origin, and had no rabies vaccination so the cat had to be under quarantine for six months. Even when your animal has a current rabies vaccination, a ten-day quarantine is required. Rabies is here and it is deadly, so please don't take any chances.

We had two house fires with animals inside. In one fire all seven cats made it out, in the other tragically two dogs were lost.

Another large issue this year is barking dogs. In the Animal Control Ordinance it states that "...no owner shall permit or allow any animal to bark, howl or make other sound common to its species if such sounds recur in steady, rapid succession for 20 minutes or more or to recur intermittently for one hour or more." In other words it is considered a nuisance if your dog barks for more than 20 minutes. Please be considerate of your neighbors.

Respectfully submitted,
Animal Control Officers, Betsy Pratt, David Pratt, and Benjamin Rand

First of all, we would like to thank all of the citizens of the region for their continued recycling effort. Recycling helps to keep taxes down by keeping disposal cost to a minimum.

As another year passes, the trends of rising disposal cost keep increasing. We have been actively pursuing other towns along the coast to bring their wood waste to us. This will generate revenue to help offset the rising cost of disposal of trash.

Recycling revenue has dropped by almost 50% in the last 3 months. With this huge drop in revenue it has caused us to increase our request this year to our member towns.

We are always looking for ways to better serve you and to save tax dollars whenever possible. The Board of Directors meets monthly on the second Thursday at 5:00 PM at the Transfer Station office. We encourage the public to attend.

As always, feel free to stop by the Transfer Station anytime with any questions you may have or contact your town representative whose names are listed below.

TOWN OF BOOTHBAY
Boothbay Region Ambulance Service, Inc.
PO Box 280
Boothbay, Maine 04537
Annual Report for the Year Ending December 31, 2011

It is with great pleasure that I submit our annual report to the residents of Boothbay.

Our call volume continues to grow as changes in healthcare impact our community. Since 2009, we have experienced a 27% in total call volume and responded to 374 calls in 2011 for Boothbay residents or visitors. A majority of the increase can be attributed to both emergency and routine transfers to other facilities for higher level care admissions. The impact to us has meant increased staffing levels and increase in the cost of providing service.

During 2011, we took delivery of our four wheel drive ambulance, replaced all of our defibrillator/EKG monitoring equipment and hosted an EMT licensure program. These improvements will allow us to provide safer and more efficient care as we strive to provide you with the best we can offer.

Our new ambulance is expected to improve safety during winter responses. State-wide treatment protocol changed in 2011, requiring us to upgrade our monitoring equipment. The monitors we had were at the end of their life cycle and the cost to upgrade was cost prohibitive. We now have the added capability of monitoring oxygen levels for patients with a breathing tube and perform hospital-quality EKG's. We also added three EMT's from a course we held at our station.

In 2012 the Service will begin a fundraising campaign to assist us in paying for the capital equipment improvements we have made. We are excited to start this effort with a house numbering project so homeowners can purchased large, numbered signs that will not only provide a donation to us, but also make your home easily identified.

We look forward to serving our community and appreciate the good will and kind words we receive.

Respectfully Submitted,

Robert J. Ham, Chairman

BOOTHBAY REGION WATER DISTRICT

In 2011 The Boothbay Region Water District continued working an ambitious schedule replacing dated and failing infrastructure as well as maintaining existing infrastructure to impeccable standards. The highlight of the year was the completion of the Commercial Street Water Main Replacement project concluding work as part of a grant/loan package secured by the district for \$2,600,000 under the *American Recovery and Reinvestment Act* of 2009 (ARRA), administered through the United States Department of Agriculture.

In April, the board of trustees bid farewell to long-time and highly respected trustee Lew Curtis (Boothbay Harbor). Lew served the district over twenty-years and was instrumental in overseeing the creation of the district as well as being the force of professional modernization; a legacy that will continue on well into the future. The Board of Trustees are grateful to Lew for the years of steady leadership he provided and the contributions he made creating a first-class water utility on the Boothbay peninsula.

In May, the board welcomed their newest trustee, elected by the voters of Boothbay Harbor, Walter Reed III, while the voters of Boothbay re-elected Mark Carter (Clerk), both to three-year terms. The remainder of the board stayed the same including; Harry Pinkham (Chairman), Boothbay Harbor; Ken Marston (Treasurer), At -Large; and. Bernard "Skip" MacPhee (Vice Chair), Boothbay.

2010 marked the fourth-year of routine use of Knickerbocker Lake located in Boothbay to help meet the district's public safety and health responsibilities to the population of the Boothbay peninsula. The district withdrew 39,959,500 gallons of water from Knickerbocker Lake. This withdrawal insured a steady supply of water for the normal seasonal demand while maintaining the wildlife habitat for both Knickerbocker Lake and Adams Pond, as an aggregate, to a much improved level.

In September the district welcomed John Orne as the new Chief Treatment Plant Operator. John hit the ground running, reorganizing and updating the plant as well as prioritizing the training new treatment plant operators. The Adams Pond Treatment Plant continued to operate at an extremely efficient and professional level, consistently producing finished water that easily met, often by orders of magnitude, water quality parameters required by Maine and the United States Environmental Protection Agency.

Dale Harmon, Distribution Foreman led the distribution division to another very successful year, highlighted by the conclusion of the 2009 ARRA project and the replacement of the obsolete Sherman Street water main. The distribution division maintained high professional standards in operating of the 70-plus miles of water main, three standpipes, pump stations, pressure reducing valves and countless other appurtenances. Through the diligent efforts of the distribution division the unaccounted for water (that is the water pumped and lost in transmission) was so low that it easily beat industry averages and guidelines set forth by the State.

Due to rising costs of operation the district the Maine Public Utilities Commission approved an 11%, across the board rate increase in September. This was the first adjustment in rates since 2005 and was implemented after an exhaustive review by the board of trustees to ensure that this increase was the fairest to all customers.

Lastly, in October the Board of Trustees and the Commissioners of the Southport Water System began exploring the feasibility of amalgamating the Boothbay Region Water District and the Southport Water System. After several well publicized public meetings because of the fire protection, sustainable clean drinking water for Southport, rate stability, enhanced working capital for the entire district and simple economy of scale, the two boards moved to merge the two systems. As of the writing of this report LD – 1834 *An Act to Amend the Charter of the Boothbay Region Water District* is churning through the 125th Maine Legislature. If successful, the amalgamation will happen only after a vote of affirmation by the towns of Boothbay, Boothbay Harbor and Southport in November 2012.

Looking ahead to 2012, the outlook for continued improvement of the district looks very good. The district's improvement and maintenance projects include:

- GIS;
- SCADA Upgrade;
- Knickerbocker Lake Study;
- Amalgamation with the Southport Water System; and
- Continued emphasis on leak detection and equipment maintenance.

The Boothbay Region Water District, Board of Trustees meet the 2nd & 4th Tuesday of every month at 7:00 p.m. at the district administrative office located at 184 Adams Pond Road, Boothbay Maine. The trustees value the publics' opinion and encourage the public to attend. For further information concerning projects, minutes and other pertinent information concerning the operation of the district, the public is invited to access the district's web page at www.bbrwd.org.

Again, the staff of the Boothbay Region Water District is committed to protecting the public health while professionally serving the communities of Boothbay Harbor, Boothbay and Southport.

Boothbay Harbor Memorial Library Annual Report, 2011

At year's end in 2011, the total number of active library cards was 3,722. Most of these were family cards so that count represents around 8,500 users. Of these, 282 were new cards issued in 2011: Boothbay, 109; Boothbay Harbor, 133; Edgecomb, 20; Southport, 17; and paid, 3. Library visits totaled over 22,000. In addition, people attended summer band concerts; sat on the lawn or in their car to use the 24/7 wireless connection; or participated in library programs off site such as the Halloween parade and CLICK events.

The library is only a click away at www.bmpl.lib.me.us. Many are finding their way to library resources from home or business to

- search the library catalog,
- use databases of information, or
- download audio and e-books.

Over 300 online visits to the library's web site occurred each week.

An important role of the library is as a community destination and gathering place. People that are new to town came to the library for local information. Others came each day to read newspapers and magazines. Each Friday morning, children and parents came to Miss Mary's story hour at 10am. In 2011, over 5,000 people used the library's public computers to stay connected via e-mail, plan a trip, fill out a job application and many other uses. An additional 2,000 took advantage of the library's high speed wireless connection with their own devices. Each month there was a different artist on display.

Programs included Literary Lunches with authors speaking about their books, Armchair Traveler adventures to places around the world, French Conversation and Writers' Group. Events are listed on the calendar at www.bmpl.lib.me.us. In addition, free museum passes were available to the Portland Museum of Art. The library's membership was donated by the Boothbay Region Art Foundation. Free passes to the Coastal Maine Botanical Garden were made available by CMBG.

CLICK (*Connecting Lively, Imaginative, Creative Kids*) is a cooperative program between the Library and the Boothbay Opera House that provides programs throughout the year for children and families. Some highlights of 2011 included: the spring musical, *The Pinocchio Show*; One World, Many Stories, the summer program of activities which took participants on a whale watch, to a planetarium, and on a scavenger hunt; Chalk on the Hill during Fishermen's Festival; and the annual Halloween parade. Visit the photo gallery on the library's website to see pictures of the events.

The Library has a dual mission: to provide quality library services to the community and to preserve and maintain a historic building. It is a challenge for a 501(c)(3) organization to do both. The Library's 2011 operating budget included support from a combination of sources: municipal (38%), annual fundraising (29%), Friends of the Library (10%), endowment and other income (23%). Private funds were raised to replace the steps on Oak Street and on Townsend Avenue with granite.

Governance of the Library is by a Board of 15 trustees. The current President is Tom Churchill; Past-President, Peter Gardner; Treasurer, Joyce Armendaris; and Secretary, Jane Gardner. Other trustees include Rita Arnold, Estelle Greenberg, Bill Hamblen, Jan Hamblen, Lee Hammond, Jack Mahle, Beth Moss, Joyce Parent, Peggy Powis, Kathryn Sullivan, and Pat Waldman. There are three youth trustees: Hannah Elder, Katie Gottlieb, and Kahla Vise.

Library staff includes Betty Hughes, Library Executive Director; Mary Pinkham, Children's Librarian; Linda Barter, Circulation Supervisor; and Barb House, Program Director. Many thanks go to over 28 volunteers who perform many tasks throughout the year.

Betty Hughes,
Library Executive Director

Annual Report of the Boothbay Region Historical Society

During 2011, our 44th year, we enjoyed the support of both Boothbay and Boothbay Harbor voters. The funds voted by townspeople helped us to fulfill our purpose of preserving and increasing knowledge about our region's past.

We held regular year-round hours at the museum in Boothbay Harbor on Wednesdays through Saturdays, 10 a.m. to 2 p.m. Over 1,100 people came to the museum, about two-thirds of them to buy books and photos or in search of specific information about families, houses, businesses, vessels, and other historical matters. The balance browsed through the six rooms of local artifacts. We sent out two newsletters, had four speakers, held two open house events, two bake sales, one book signing, and hosted cruise ship visitors as well as several local school groups. We installed a seasonal exhibit focusing on local scouting groups from the 1930s-1950s. We provided news items and articles on local history to the townspeople and others through the Boothbay Register. Over 725 letters and 1,700 emails were sent pertaining to museum business and research. We help the town offices with research when asked.

We have many active volunteers who donated more than 2,000 hours of work this year. Some projects done by volunteers were: organizing public events; entering information on computers; checking the order of photos and documents; manning the building; making repairs; helping with mailings and organizing and listing new document collections and artifacts.

The sources of our income this year were: donations by individuals and the towns; membership dues and sales of books, maps, papers, and photographs. We are an active research facility, assisting people locally in their search for information on family, houses, and places. We also carry on correspondence with people all over the country who have an interest in Boothbay region history.

Physical improvements to the museum and grounds included refurbishing the park benches and paint and repair work done to the east and north exterior walls. Repair work to the front porch overhang was also accomplished this year. Our holdings of artifacts, collections, and documents increased by 1 linear foot of documents, 7 books, approximately 75 photographs or images, and more than 45 artifacts. Among the donations were Bob Campbell's Boy Scout and Sea Scout uniforms and scrapbook, an early 1900s Knights of Pythias sword, a model of the schooner Niger, and a Rice brothers drawing of a knockabout— all of local interest. Funds were spent to care for those things appropriately.

We thank the townspeople for their willingness to contribute to the preservation of local history.

INDEPENDENT AUDITORS' REPORT

Board of Selectmen
Town of Boothbay
1011 Wiscasset Road
P.O. Box 106
Boothbay, Maine 04537

We have audited the accompanying general purpose financial statements of the Town of Boothbay, as of and for the years ended June 30, 2011 and 2010, which collectively comprise the Town's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Town of Boothbay's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Town of Boothbay as of June 30, 2011 and 2010, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on Schedule A-1 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Page Two

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Boothbay's financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**TOWN OF BOOTHBAY
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
FISCAL YEAR JULY 1, 2010 THROUGH JUNE 30, 2011**

As management of the Town of Boothbay, I present this narrative to provide you with an overview and analysis of our financial statements for the fiscal year July 1, 2010 through June 30, 2011. This is the Town of Boothbay's seventh year since implementation of the requirements of Statement No. 34 of the Governmental Accounting Standards Board (GASB). I encourage property owners to consider the information presented here in conjunction with the basic financial statements that follow to enhance your understanding of the Town of Boothbay's financial performance.

Financial Highlights

1. Total assets of the Town of Boothbay exceeded its liabilities by \$5,675,650 in 2011 compared to \$5,742,808 in 2010.
2. The Town's total ending fund balance for all governmental funds combined was \$1,137,925 on June 30, 2011 compared to \$1,173,618 for the year ending June 30, 2010.
3. The Undesignated Unreserved Fund Balance (Surplus) is \$720,715 on June 30, 2011. This is a decrease of \$45,542 from the previous fiscal year, where town meeting authorized the use of \$253,450 from last year.

Overview of the Financial Statements

The Town of Boothbay's basic financial statements are comprised of three components:

1. Government-wide financial statements
2. Fund financial statements
3. Notes to the financial statements

The schedules provide supplemental information to the basic statements provided.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Town of Boothbay's finances in a manner similar to a private sector business.

The *statement of net assets* presents information on all of the Town of Boothbay's assets and liabilities, with the difference between the two being reported as *net assets*. Reviewing several years' data and analyzing increases or decreases in net assets may serve as a useful indicator of whether the Town of Boothbay's financial position is improving or deteriorating.

The *statement of activities* presents information showing how the Town of Boothbay's net assets changed during the fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Town of Boothbay that are principally supported by taxes and intergovernmental revenues (governmental activities). The Town of Boothbay's governmental activities include general government, public safety (fire protection, fire hydrants, street lighting and emergency management), public works (highway, winter maintenance, road construction and paving, fuel, and buildings and grounds), debt service, education assessment, county assessment, employee benefits and capital outlay. The Town of Boothbay does not currently report any business-type activities.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Boothbay, like other state and local governments, uses fund accounting to insure and demonstrate compliance with finance related legal requirements. All of the funds of the Town of Boothbay can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund

government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources, as well as on balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of any near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The governmental funds financial statements are included in the audit that follows.

Fiduciary funds are used to account for monies held for the benefit of parties outside the Town of Boothbay. Fiduciary funds are *not* included in the government-wide financial statements because the resources of those funds are *not* available to support the Town of Boothbay's operational programs.

These funds are the Madelyn Ulmer Fund whose proceeds are restricted by a gift which was given to assist a Boothbay resident to graduate from high school and the Community Resources Fund that provides heating and other assistance to residents of Boothbay, Boothbay Harbor, Edgecomb and Southport. The fiduciary funds financial statement is included in the audit that follows.

Notes to the financial statements: the notes provide additional information that is essential to a full understanding of the data provided and are included in the audit that follows.

Other Information: the combining statements are presented immediately following the notes to the financial statements and are included in the audit that follows.

TOWN OF BOOTHBAY FINANCIAL ANALYSIS

Statement of Net Assets. As stated earlier, net assets may serve over time as a useful indicator of a government's financial position.

Financial Analysis of the Government's Funds. The Town of Boothbay uses fund accounting to segregate specific types of funds and demonstrate compliance with finance related legal requirements. Town of Boothbay fund balances are included in the audit that follows.

Governmental funds: The focus of the Town of Boothbay governmental funds is to provide information on fiscal activity and balances of available resources.

The *general fund* balance started at \$766,257 on July 1st. Unexpended funds lapsing to surplus totaled \$212,477. Town meetings withdrawal of \$253,450 and an increase in deferred tax revenue of \$4,570 decreased surplus to leave a balance of \$720,715 at June 30, 2011.

Analysis of the Budget The Board of Selectmen serving in their primary role as the financial overseers of the community met in February 2010 to consider and review the budget presented by the Town Manager for fiscal year 2011. After a full line item review of the budget - a final budget was adopted by the Board of Selectmen and recommended and forwarded with a positive recommendation for its passage at the annual Town Meeting on the first Monday in May. Town Meeting approved the proposed budget that was presented by the Board of Selectmen for fiscal year 2011. The total increase in the budget for fiscal year 2011 over fiscal year 2010 was \$4,000.23 or 0.21% over the prior year. The approved budget for fiscal year 2011 was \$1,925,479.00 for town operations, which did not exceed the state formula for increases under LD-1. Over the course of the fiscal year, the Board of Selectmen made no revisions to the municipal budget. Overdrafts of budgeted expenses are listed in Note I, the largest of these were: Administration, Road Construction and Paving, Assessors, Protection, Buildings & Grounds, Snow Removal, Fire Department and Street Lights. Further detailed information on the final 2011 budget can be found in Schedule A-1.

Capital Asset and Debt Administration. These assets include streets, land, buildings, vehicles, and equipment.

The Town of Boothbay has established and maintained the following capital reserve accounts for the purpose of contributing to the replacement and/or acquisition of new assets providing public services to our community. These were the balances at the end of the fiscal years.

	<u>2010</u>	<u>2011</u>
1. Fire Equipment Reserve	\$ 91,635	\$ 125,071
2. Public Works Equipment Reserve	\$ 104,120	\$ 107,398
3. Tax Increment Finance District	\$ (2,025)	\$ (11,532)

In the current year we purchased a 2011 John Deere excavator and upgraded the server at the Town Office.

In the current year the public works department replaced culverts, fixed drainage problems with ditching and prepared and paved sections on Westside Road.

Long Term Debt: The Town of Boothbay's long-term debt outstanding at fiscal year end totals \$42,536, a reduction of \$10,634 from fiscal year 2010. Detailed information of the Town of Boothbay's outstanding bond can be viewed in Note J. Maine Statutes limit the amount of general obligation debt a municipality may issue to 15 percent of the Total State Town Valuation. We are significantly below our debt limit.

Request for Information. This financial report is designed to provide a general overview of the Town of Boothbay's finances. Questions and/or requests for additional information concerning these financial reports can be addressed to Town Manager, 1011 Wiscasset Road, P.O. Box 106, Boothbay, Maine 04537, telephone 207-633-2051.

Respectfully submitted,

James D. Chaousis II
Town Manager

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Boothbay conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Boothbay was incorporated in 1764. The Town operates under a town meeting form of government. Major services provided by the Town are public safety, public works, administrative services, and code enforcement.

In evaluating the Town of Boothbay as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Boothbay's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP are used by the Town as discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. Certain significant changes in the Statement include the following:

1. Financial statements now include:
 - A Management's Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.
 - Financial statements prepared using full accrual accounting for all of the Town's activities, including infrastructure (roads, bridges, etc.).
2. A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements).

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's public safety, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statements of Net Assets, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statements of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (public safety, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statements of Activities reduces gross expenses (including depreciation) by related program revenues, and operating and capital grants. Program revenues must be directly associated with the function (public safety, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net assets resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. General Fund:

General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

3. Basic Financial Statements - Fund Financial Statements (Cont'd)

a. Governmental Funds (cont'd):

2. Capital Projects Funds:

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment.

3. Fiduciary Funds:

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Town programs. The reporting focus is on net assets and changes in net assets and are reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

a. Accrual:

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

b. Modified Accrual:

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

5. Financial Statement Amounts

a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$1,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

c. Revenues:

Substantially all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred. Inventory costs are reported in the period when inventory items are used, rather than in the period purchased.

e. Compensated Absences:

The Town accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee. The noncurrent portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government-wide presentations.

JUNE 30, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D):

5. Financial Statement Amounts (Cont'd)

f. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B - CASH AND CASH EQUIVALENTS:

At year-end the carrying amount of the Town's deposits (checking, certificates of deposit, and savings accounts) was \$1,159,042.88 and the bank balance was \$1,178,747.99. Of the bank balance, \$334,256.07 was covered by federal depository insurance and \$844,491.92 was collateralized.

NOTE C - GENERAL FUND BUDGET:

The Town's property tax for the current year was levied July 19, 2010 on the assessed value listed as of April 1, 2010 for all real and personal property located in the Town. One half of the total tax was due August 18, 2010 with the balance due February 2, 2011. Interest of 7.0% was charged on delinquent taxes on the unpaid portion of one-half of the tax bill not paid on or before August 24, 2010; and on the entire portion not paid on or before February 8, 2011.

At the annual town meeting, held in May of each year, the townspeople vote on various articles, on which amounts for appropriations have been recommended by the Board of Selectmen.

NOTE D - DESIGNATED FOR SUBSEQUENT YEARS' EXPENDITURES:

Historically, the townspeople vote to allow the Board of Selectmen to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

NOTE E - DEFERRED REVENUE:

Deferred Revenue consists of the following:

Prepaid 2011 Taxes	\$16,366.48
--------------------	-------------

NOTE F - REVENUE RECOGNITION - PROPERTY TAXES:

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within 60 days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within 60 days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within 60 days after the year end as stated above. Delinquent taxes are considered fully collectible and therefore no allowance for uncollectible taxes is provided.

NOTE G - PENSION PLAN - DEFINED BENEFITS:

The Town of Boothbay offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all town employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until their termination, retirement, death, or unforeseeable emergency. The Town contributes 10% of an employee's compensation.

The Town amended the Plan in accordance with the provisions of IRS Section 457 (g). Assets of the Plan were placed in trust for the exclusive benefit of participants and their beneficiaries. The requirements of that IRS Section prescribes that the Town no longer owns the amounts deferred by employees, including the related income on those amounts.

NOTE H - PROPERTY, PLANT, AND EQUIPMENT:

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE K - COMPENSATED ABSENCES:

The Town allows employees to accumulate up to 50 days in unused sick leave. Vacation time may accumulate up to a maximum of 25 days or 200 hours or more at the discretion of the town manager. Upon separation or retirement the Town will pay the employee a maximum of 15 days for unused vacation and 15 days for unused sick leave.

As of June 30, 2011, the accrued vacation and sick leave was \$37,607.38. The amount expected to be paid from current resources is not significant.

NOTE L - RISK MANAGEMENT:

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE M - OVERLAPPING DEBT:

The Town of Boothbay is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County, for which the Town of Boothbay would be proportionally responsible in the event the County defaulted, amounted to \$9,625,000.00 at December 31, 2010. The Town of Boothbay's share would be 13.27% of the debt, or \$1,276,939.62.

The Town of Boothbay is a member of the Boothbay-Boothbay Harbor Consolidated School District and is therefore subject to annual assessment of its proportional share of school expenses. Long-term debt outstanding for the Boothbay-Boothbay Harbor Consolidated School District, for which the Town of Boothbay would be proportionally responsible in the event the District defaulted, amounted to \$1,296,842.00 at December 31, 2010. The Town of Boothbay's share would be 60% of the debt, or \$778,105.20.

NOTE N - INTEREST COSTS INCURRED:

During the current year the Town incurred interest costs totaling \$2,807.21 which was charged as an expense to Town Administration.

NOTE O - TAX INCREMENT FINANCING DISTRICT:

Hodgdon Marine LLC Municipal Development and Tax Increment Financing District

Under Title 30, Subchapter II-B of the Maine State Statutes, the Town of Boothbay formed a Tax Increment Finance (TIF) District to finance certain public improvements to Hodgdon Marine, LLC Municipal Development and Tax Increment Financing District. The expenditures from this development project will be recouped in future years via an incremental tax levied upon the District's "captured assessed value" over a twenty year period to expire June 30, 2021. The tax increment will be held in the form of a sinking fund. The short-term financing mechanism for the public improvements project is a reimbursement agreement between the Town and the developer.

TOWN OF BOOTHBAY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011

NOTE O - TAX INCREMENT FINANCING DISTRICT (CONT'D):

The Town established the Hodgdon Marine, LLC Municipal Development and Tax Increment Financing District at a special town meeting held on December 6, 1999. This agreement was for the improvement of facilities within the District by Hodgdon Marine, LLC. During the following twenty years of the development program, the Town will capture one hundred percent (100%) of the increase in the assessed value due to real and personal property improvements, allocating seventy five percent (75%) of the incremental municipal tax increment revenues to the company pursuant to a credit enhancement agreement. No part of the incremental revenues from the additional personal property will be returned to the Company pursuant to the Development Program.

The Real Property Captured Tax Increment Revenues shall be calculated based on real property values in excess of the Town's valuation of the District as of April 1, 2006. The valuation increased from a base of \$1,073,500.00 to \$1,403,749.00. The Company increment portion will be used by the Company either to pay costs of the project directly or to pay debt service used to finance the project. The project costs financed by the Real Property Captured Tax Increment Revenues will represent only a portion of the total costs of the project. All additional costs of the Company in respect of the project will be the responsibility of the Company. After twenty years, the Company will have no further right to the Company Increment Portion, and it will form part of the Town's general revenues.

Washburn & Doughty Municipal Development and Tax Increment Financing District

Under Title 30, Subchapter II-B of the Maine State Statutes, the Town of Boothbay formed a Tax Increment Finance (TIF) District to finance certain public improvements to Washburn & Doughty Municipal Development and Tax Increment Financing District. The expenditures from this development project will be recouped in future years via an incremental tax levied upon the District's "captured assessed value" over a twenty year period to expire June 30, 2031. The tax increment will be held in the form of a sinking fund. The short-term financing mechanism for the public improvements project is a reimbursement agreement between the Town and the developer.

The Town established the Washburn & Doughty Municipal Development and Tax Increment Financing District at the annual town meeting held on May 4, 2009. The agreement was for improvements made to 7 and 8 Enterprise Street. During the following twenty years of the development program, the Town will capture one hundred percent (100%) of the increase in the assessed value due to real and personal property improvements, allocating seventy five percent (75%) of the incremental municipal tax increment revenues to the company pursuant to a credit enhancement agreement. No part of the incremental revenues from the additional personal property will be returned to the Company pursuant to the Development Program.

The Real Property Captured Tax Increment Revenues shall be calculated based on real property values in excess of the Town's valuation of the District as of July 12, 2008 (\$385,000.00). The Company increment portion will be used by the Company either to pay costs of the project directly or to pay debt service used to finance the project. The project costs financed by the Real Property Captured Tax Increment Revenues will represent only a portion of the total costs of the project. All additional costs of the Company in respect of the project will be the responsibility of the Company.
